

One platform. Every feature. Simple monthly pricing.

Hospitality should feel simple.

Your software should too.

Every Hello to Cheers subscription includes every feature. The only thing that changes is the number of celebrations you host each year.

No contracts. No hidden fees. Optional services are always clearly listed. Cancel anytime.

Founding Venue Program

As Hello to Cheers begins welcoming its first venues, we're inviting a small group to help shape the future of the platform.

Founding venues receive:

- * Preferred Founding Pricing, locked in for as long as your subscription remains active
- * Early access to new features
- * Direct access to our product team
- * Opportunities to influence future product development

This is our way of thanking the venues who believed in Hello to Cheers from the very beginning.

Eligibility

The Founding Venue Program is available to:

- * The first 100 venues that join our platform.
- * Former Weven customers who join during our launch period.

OUR PRICING PHILOSOPHY

We don't believe essential features should be hidden behind higher-priced plans.

Every venue deserves the complete Hello to Cheers experience.

The only difference between plans is the number of celebrations you host each year.

As your business grows, your plan grows with you.

Our First Friends

Some time ago, we had the privilege of working alongside hundreds of valued wedding and event venues through our Customer Success work on a platform called Weven.

Those relationships never left us.

You welcomed us into your venues.

You shared your ideas.

We listened carefully to your likes and wants—and you challenged us to build something even better.

You celebrated successes with us and helped us learn from every challenge.

When that platform came to an end, we weren't ready to say goodbye or stop solving the problems venue owners face every day.

Instead, we started over.

Not with old code.

Not with a redesign.

With a blank sheet of paper.

Every workflow.

Every feature.

Every decision.

Built from the ground up using everything we learned from the venue community we served directly over the years.

While the technology is entirely new, the philosophy remains the same:

Venue software should make hospitality feel easier—not more complicated.

If we had the opportunity to work together before, thank you.

We would be honored to earn your business again.

A Place Reserved For You

If we worked together during our time with Weven, we'd love the opportunity to reconnect.

Former Weven customers are invited to join our Founding Venue Program and receive Preferred Founding Pricing for as long as their subscription remains active.

This is simply our way of saying thank you to the people who helped shape the thinking behind everything we've built into Hello to Cheers today.

Some relationships are worth continuing.
